EDP TEAM TRIP

OVERVIEW

- The EDP Team Trip is a service IFF provides under IFF's European Development Program to the most ambitious elite players who want to play matches against European clubs.
- The trip will usually last about 5-7 days and during that time the EDP teams will play 3-6 matches against academy teams from amateur or professional clubs.

EDP TEAM TRIP

Differences with respect other similar trips

- IFF goal's is to fit this trip right before or after one of the GIS's Elite Trips so the player can have a total experience in Europe practicing at and within the corresponding pro academy but also playing matches
- Freedom to chose your own accommodation, transportation and side trips.

EDP TEAM TRIP

Cost (I)

- The team trip cost oscillates approximately between \$300-\$600 per player (see next slide), which includes only playing the matches.
- Families are responsible for all other expenses including transportation, accommodations, meals, insurance, side trips etc. as well as the uniforms and other apparel (see below).

EDP TEAM TRIP

Cost (II)

The breakdown of the cost is as follows:

(1) **Base Fee**

3-4 matches: \$300/player

5-6 matches: \$500/player

(2) **Additional Fee**

There will be a \$50 additional fee per player for each match played against a pro academy team if their professional first team is in the 1st or 2nd tear of the specific country's league.
